GOLD STANDARD OR WHATEVER THAT IS WORTH TO INVEST

The theme is designed as a continuation and upgrade of the new multi-topic column in the magazine that will launch from coming year and will be giving professional advice on the subject of worthwhile investments in all possible directions - from investment in precious metals and art, to investment in health and education.

#AWARDS is without a doubt, one of the most promising projects is happening when the creative forces at Attica EVA and United Partners join together. For the fourth year in a row, we will award the best digital content creators. All nominees are in 12 categories, the audience has the final word.

An event dedicated to combatting violence against women and the possible solutions to this huge civilizational issue. It was designed as collaboration between EVA magazine and the "About You" app - the first domestic violence mobile application in Eastern Europe. The event will be divided into two modules. The first module is an open-air photography exhibition, in a Sofia landmark. The second module - discussion panel indoors, will be held during the exhibition period. It will feature a discussion of professionals, working in different fields related to the theme, a projection of the photographs related to the exhibition, various activities with the audience and a cocktail. Paolo Giuliani, clinical criminologist and founder of the Stefan Noikov Foundation, will be a special guest. A segment from the film Un Altro, produced by the Italian business Lumiere and the Bulgarian Stefan Noykov Foundation, will be shown exclusively for EVA's guests.

AI VERY MERRY CHRISTMAS

This year, the magazine's traditional Christmas party gets an all-new look and will take all guests to a distant galaxy with impressive atmosphere and interesting activities that they will just want to share on social media.

EVA DOCUMENTARY
EVA magazine will narrate its story in a documentary, the title of which is taken from the magazine's editorial, "From EVA with Love." The fact that EVA has been in the media market for 25 years, remaining the benchmark for a women's lifestyle magazine, gives us confidence and inspires us to tell about the media's path, for the preservation of its face, and for its development and renewal at a time when social media and influencers pose a real challenge to the influence and opportunities of lifestyle magazines. A documentary that will highlight both the pleasure and the difficulties of producing each issue of EVA magazine and as well as the ongoing confirmation of the principles and values that guide its decisions. "From EVA with Love" will be screened at a premiere event along with a cocktail for the magazine's friends and business partners.
